

## VK PROFILE REQUIREMENTS FOR FORTFS REWARDS PROGRAM PARTICIPANTS

1. All Vk profiles are thoroughly examined for compliance with the conditions specified in the next paragraph
2. Vk profile requirements:
  - A profile must be public (<https://vk.com/settings?act=privacy>, the Profile type parameter in the Other section of account settings should be set as Public)
  - A profile should have at least 100 friends
  - There must be no hidden friends in the profile's friend list
  - All profiles must be authentic and belong exclusively to the participants and not to third parties
  - Vk profiles must not be bots / multi-profiles / fake profiles / closed profiles / farm profiles
  - One client of the company is not allowed to participate and perform tasks from several accounts
  - Participating profiles must be created 90 days prior to the promotion or earlier
  - The Vk profile of the participant and his registered FortFS account should match the following data:
    - a. The country indicated in the personal profile and the country of registration of the FortFS account
    - b. Participant's gender
    - c. Age
    - d. Surname
    - e. One of the participant's names (if there are 2 or more)
  - The posts shared specifically for participating in tasks should not be deleted within 30 days
  - The number of shared posts from any social network communities on the participant's profile wall should not exceed 1 per day
  - In case if a participating Vk profile does not meet one or more of the aforementioned conditions, such an account will not be all
